

SIMPLIFIED READING PLAN

Leaders are readers and learners are earners. And if you think of your mind as a mental muscle, then reading is to the mind what exercise is to the body. Who can read 10 pages of a good book a day? ANYBODY! You are welcome to follow along at jeremyataylor.com/readingplan with the "Book of the Month". Each book can be categorized by one or more of the 5 Buckets. This form will help you record the title and author of each book as well as three big takeaways from the read.

Keep these ideas in mind when it comes to developing disciplines around personal growth and making learning a way of life:

- *have an attitude of growth (be opportunistic and optimistic about growing)*
- *erase your board of achievements and become a beginner again*
- *it's about what you learn after you know it all that truly counts*
- *you can learn something from everyone (whether it be what to do or what not to do)*
- *the book you don't read won't help*
- *self-education is a lifelong journey*

"The man who does not read has no advantage over the man who cannot read."

-Mark Twain
